IDEATE

(Tomorrow's engineers club)

OBJECTIVE:

The main objective of this event is to encourage the students to come up with innovative ideas as a solution to many social, economical and engineering problems the idea presented by the student should define the purpose, it should be implementable and cost effective. The event aims to create a platform where students can showcase their talents. There are two rounds
1. Screening
2. Idea presentation

ROUND 1: IDEATION

The teams are requested to send the abstracts to the mentioned email id of the faculty coordinator. While sending the abstract complete information (Student name, USN, Dept., contact number, email id) should be there. The initial screening will be carried out by the experts based on the abstracts received. The selected teams will be notified for the second round of the event which will be held on the Vertechx day. The abstracts will be shortlisted based on the idea level to solve society challenges, implementation method and future scope.

ROUND 2: PRESENTATION

In the second round the students have to present their ideas using slideshow (ppt). The presentation not exceed 5 slides (only major points should be highlighted, while presenting can elaborate). The presentation should clearly define: 1. Problem statement
2. Solution
3. Methodology
4. Components/Tools to be used
5. Future scope
